CANADIAN SYMBOLS AT PARLIAMENT

Nova Scotia – Mayflower

Use your imagination and the clues given in the description below to colour the page.

Nova Scotia's floral emblem, the pink mayflower, grows along the east coast of North America. Early American settlers who saw it as the first flower of spring gave it its name. They named it after their ship, which carried them to North America in 1620. Nova Scotia chose the mayflower as its flower in 1901.
