

*Ashes and Snow*

Translated by par Nigel Spencer

---

Wind in waves  
rushes in  
recording tape  
unspools the storm  
delirium of snow  
on my eardrums  
feverish from  
the crackling of fire

Tropics and Greenland

Violent music of  
extreme passion  
Crowds and solitude  
Singing and silence  
Frigid love  
Fevered happiness

One-way departure for two horizons

Conquest by flames to  
burn my witch  
Shout for the avalanche  
deathbed of my polar twin

If you should see ashes on the snow  
please  
acknowledge me
